

Papandreas Remote Observation (PRO)

Monthly monitoring now for shorter, safer, and less costly treatment later.

Peace of mind. Time saved. Smarter care.

Why families choose PRO

- Monthly observation of growth & development, our ADA trained expertise
- Fewer visits for busy families
- Earlier ID of concerning issues
- Guidance on hygiene & healthy habits
- Direct access to Dr. P for questions

What we monitor

- Crossbites, overbites, underbites
- Crowding, spacing, eruption patterns
- Missing teeth, impacted teeth
- Thumb sucking, tongue thrusts
- Grinding, tooth wear, & so much more

Program includes

- PRO App access
- Scan box & scan assistance
- No charges for recommended in-office visits, x-rays, photos, & digital scans
- All for a one-time low fee which is applied to future braces/aligners making the PRO program effectively **FREE**.

What are you waiting for?!

Real demonstration of the PRO scanning experience

**Simple to scan.
Easy to access.
Built for busy
families.**

'The ability to securely send pics of my child's teeth and have Dr. Papandreas analyze and respond without coming into the office has been huge.' -Megan P
